PROPERTY DESCRIPTION

For those desiring ultimate privacy and a one-of-a-kind residence, this home was designed for you. The quiet, pine-tree lined lane opens to the log home, complete with a covered front porch.

The spacious 1800 square foot cabin has all the right touches. Beamed cathedral ceilings, a native stone fireplace, large windows to bring in light and allow you to enjoy the meadow and wooded view, a kitchen with granite countertops, stainless appliances and tiled floor, custom crafted log railings and spindles and so many more details.

Relax and unwind by the light of a fire in the winter months or step outside to enjoy breathtaking view and the starlit-sky from your large private deck.

A three-car garage attaches to a fantastic woodworker's or hobby shop, or a space that might be converted to a gallery, exercise studio or at-home office. The shop area has high ceilings, lots of windows, is set-up for in-floor radiant heat and opens to a pretty wooded view. A darling woodshed completes the scene—a perfect place to store bikes or garden tools and a roof to cover your firewood.

Sumac Lane is a quiet, county location but only two miles from all the conveniences of Sister Bay.
